Productbeschrijving

Een klassieke screenoplossing om uw huis en kantoor tegen de zon te beschermen.

Deze standaard screen onderscheidt zich door een kast met zijgeleiders, doek gemaakt van glasvezel en PVC, die duurzaam en bestand is tegen weersomstandigheden zoals windstoten, hagel of regen. Door de eigenschappen van de doeken kan de warmte worden buiten gelaten zonder dat het helemaal donker wordt. We bieden een breed scala aan vormen en kleuren van kasten en geleiders aan, evenals een breed scala aan doeken waardoor er altijd iets voor u tussen zit.

- verlaag de bedrijfskosten binnen uw bedrijf
- 5 jaar garantie
